

2nd Grade News

Mrs. Rabb Friday, February 7, 2020

This week in 2nd Grade...

In Religion we learned about Jesus bringing the widow's son back to life and we learned about Jesus calming the storm. During Reading we made connections while reading the story, practiced summarizing and retelling parts of the story, and identified main ideas and details within chapters of the story. We wondered what life would be like if we had some of the unique animal senses described in our story. During Phonics and Language we reviewed nouns and verbs, subjects and predicates. We identified subjects, predicates, nouns, and verbs within sentences, and we learned about subject-verb agreement. We also began diagramming simple sentences to help us identify the main parts of a sentence. During Math we multiplied both vertically and horizontally, we practiced our problem-solving skills, and we concluded our chapter on the introduction to multiplication. We then reviewed three-digit addition so we could begin exploring three-digit subtraction. During Science we concluded our unit on simple machines, and we began learning about sound. During History we learned about the Quakers and William Penn, and we learned about the starting of Pennsylvania and Delaware.
