Notes from Mrs. Fritsche!

We have had a great first few days of school! Thank you so much for sharing your child with me this year. When your child is snack leader, please send in enough snack for 22 students each day of that week. Snacks can be individually packaged for 22 students or a box of cereal will cover a day of snack. We do have peanut allergies in our room. Students can bring peanut butter in lunches from home, but please do not send it in for snack. Please read your child's library book with him/her and send it back on your child's library day to get a new book.
